

Wedding Bells - Create your own Bell Tent Village, the perfect accommodation solution

WEDDING SPECIAL

£1800.00 (10 X Classic Bells including 1 x Bridal Bell)

Delivered within 30 miles from Matlock, Derbyshire - mileage of £0.50 per mile outside of this.

Product Description

Our Wedding Bell tents are composed of 100% cotton canvas that is treated with UV colour fast, mould, rot and water repellent. Our heavy-duty canvas bell tents provide the best durability and strength for extreme weather conditions. The ground sheet is a heavy-duty canvas pegged in ground sheet (PIG) that provides thicker support.

In addition to this, we provide you with thicker guy ropes and extra strong durable pegs that will not bend and change shape once they are hammered into the ground.

The pegged in ground sheet gives you the best of both worlds; they are easy to put up because it can just be tied to the bell ten. And on those hot summer days, you can untie and roll the sides up for a nice breeze. Our bell tents also come with 4 windows and air vents at the top to allow more airflow.
